

## Safety data sheet

according to 1907/2006/EC, Article 31

Printing date 25.04.2023

version: 1

Revision: 25.04.2023

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier:

Trade name: **Baccatin III**

Article number: 89575

CAS Number:

27548-93-2

1.2 Relevant identified uses of the substance or mixture and uses advised against:

No further relevant information available.

Application of the substance / the preparation: Reference substance

1.3 Details of the supplier of the safety data sheet:

Manufacturer/Supplier:

PhytoLab GmbH & Co. KG

Dutendorfer Str. 5-7

D-91487 Vestenbergsgreuth

Tel.: Germany/9163/88-327

Fax: Germany/9163/88-456

Mail: ref-substances@phytolab.de

Further information obtainable from: PLV\_MSDS@phytolab.com

1.4 Emergency telephone number: Germany/9163/88-500

### SECTION 2: Hazards identification

2.1 Classification of the substance or mixture:

Classification according to Regulation (EC) No 1272/2008:

GHS08 health hazard

Muta. 1A H340 May cause genetic defects.

Carc. 1A H350 May cause cancer.

STOT RE 2 H373 May cause damage to organs through prolonged or repeated exposure.

GHS07

Skin Irrit. 2 H315 Causes skin irritation.

Eye Irrit. 2 H319 Causes serious eye irritation.

STOT SE 3 H335 May cause respiratory irritation.

2.2 Label elements:

Labelling according to Regulation (EC) No 1272/2008:

The substance is classified and labelled according to the CLP regulation.

(Contd. on page 2)

**Safety data sheet**

according to 1907/2006/EC, Article 31

Printing date 25.04.2023

version: 1

Revision: 25.04.2023

Trade name: **Baccatin III**

(Contd. of page 1)

Hazard pictograms:

GHS07 GHS08

Signal word: Danger

Hazard statements:

H315 Causes skin irritation.

H319 Causes serious eye irritation.

H340 May cause genetic defects.

H350 May cause cancer.

H335 May cause respiratory irritation.

H373 May cause damage to organs through prolonged or repeated exposure.

Precautionary statements

P201 Obtain special instructions before use.

P281 Use personal protective equipment as required.

P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P314 Get medical advice/attention if you feel unwell.

P405 Store locked up.

P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

2.3 Other hazards:

Restricted to professional users. The toxicological properties of this compound have not been fully evaluated.

Results of PBT and vPvB assessment:

PBT: Not applicable.

vPvB: Not applicable.

**SECTION 3: Composition/information on ingredients**

3.1 Substances

Synonyms: Baccatin III

Molecular formula: C<sub>31</sub>H<sub>38</sub>O<sub>11</sub>

CAS No. Description

27548-93-2 Baccatin III

Identification number(s) not applicable

Additional information: chemical product

—EU—

(Contd. on page 3)

## Safety data sheet

according to 1907/2006/EC, Article 31

Printing date 25.04.2023

version: 1

Revision: 25.04.2023

Trade name: **Baccatin III**

(Contd. of page 2)

### SECTION 4: First aid measures

#### 4.1 Description of first aid measures:

General information:

Induce vomiting only with medical help.

Immediately remove any clothing soiled by the product.

After inhalation: Supply fresh air and to be sure call for a doctor.

After skin contact:

Immediately rinse with water.

If skin irritation continues, consult a doctor.

After eye contact:

Rinse opened eye for several minutes under running water. Then consult a doctor.

After swallowing:

Rinse out mouth and then drink plenty of water.

Do not induce vomiting; call for medical help immediately.

#### 4.2 Most important symptoms and effects, both acute and delayed:

No further relevant information available.

#### 4.3 Indication of any immediate medical attention and special treatment needed:

No further relevant information available.

### SECTION 5: Firefighting measures

#### 5.1 Extinguishing media:

Suitable extinguishing agents:

CO<sub>2</sub>, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

Use fire extinguishing methods suitable to surrounding conditions.

#### 5.2 Special hazards arising from the substance or mixture:

No further relevant information available.

#### 5.3 Advice for firefighters:

Protective equipment:

Wear fully protective suit.

Mount respiratory protective device.

### SECTION 6: Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures:

Avoid formation of dust.

Wear protective equipment. Keep unprotected persons away.

#### 6.2 Environmental precautions: Do not allow to enter sewers/ surface or ground water.

#### 6.3 Methods and material for containment and cleaning up:

Pick up mechanically.

Dispose contaminated material as waste according to item 13.

#### 6.4 Reference to other sections:

See Section 7 for information on safe handling.

(Contd. on page 4)

## Safety data sheet

according to 1907/2006/EC, Article 31

Printing date 25.04.2023

version: 1

Revision: 25.04.2023

Trade name: **Baccatin III**

(Contd. of page 3)

See Section 8 for information on personal protection equipment.  
See Section 13 for disposal information.

### SECTION 7: Handling and storage

#### 7.1 Precautions for safe handling:

Handling corresponding to laboratory safety guidelines.

Keep receptacles tightly sealed.

Ensure good ventilation/exhaustion at the workplace.

Open and handle receptacle with care.

Prevent formation of dust.

Information about fire - and explosion protection: No special measures required.

#### 7.2 Conditions for safe storage, including any incompatibilities:

Storage:

Requirements to be met by storerooms and receptacles:

Store in a cool location.

Store only in the original receptacle.

Information about storage in one common storage facility: Store away from foodstuffs.

Further information about storage conditions:

Store in the dark.

Keep container tightly sealed.

Recommended storage temperature: < -15 °C

Storage class: 6.1D

7.3 Specific end use(s): No further relevant information available.

### SECTION 8: Exposure controls/personal protection

#### 8.1 Control parameters:

Ingredients with limit values that require monitoring at the workplace: Not required.

Additional information: The lists valid during the making were used as basis.

#### 8.2 Exposure controls:

Appropriate engineering controls: No further data; see item 7.

Individual protection measures, such as personal protective equipment:

General protective and hygienic measures:

The usual precautionary measures are to be adhered to when handling chemicals.

Do not eat, drink, smoke or sniff while working.

Store protective clothing separately.

Keep away from foodstuffs, beverages and feed.

Immediately remove all soiled and contaminated clothing

Wash hands before breaks and at the end of work.

Avoid contact with the eyes and skin.

Respiratory protection:

Required in case of dust formation.

(Contd. on page 5)

**Safety data sheet**

according to 1907/2006/EC, Article 31

Printing date 25.04.2023

version: 1

Revision: 25.04.2023

Trade name: **Baccatin III**

(Contd. of page 4)

Use suitable respiratory protective device in case of insufficient ventilation.

Hand protection:

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

Material of gloves:

Nitrile rubber, NBR

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

Penetration time of glove material:

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

Eye/face protection:

Tightly sealed goggles

Body protection: Protective work clothing

**SECTION 9: Physical and chemical properties**

9.1 Information on basic physical and chemical properties:

General Information:

Physical state:

Solid

Colour:

According to Certificate of Analysis

Odour:

No data available.

Odour threshold:

Not determined.

Molecular Weight

Melting point/freezing point:

243-245 °C

Boiling point or initial boiling point and boiling range:

Undetermined.

Flammability:

Product is not flammable.

Dust explosion class:

Lower and upper explosion limit:

Lower:

Not determined.

Upper:

Not determined.

Flash point:

Not applicable.

(Minimum) Ignition temperature:

Not determined.

(Contd. on page 6)

|                                                                               |                                               |
|-------------------------------------------------------------------------------|-----------------------------------------------|
| Decomposition temperature:                                                    | Not determined.                               |
| Powder volume resistivity:                                                    |                                               |
| pH:                                                                           | Not applicable.                               |
| Dissociation constant:                                                        |                                               |
| Viscosity:                                                                    |                                               |
| Kinematic viscosity:                                                          | Not applicable.                               |
| Solubility in other solvents:                                                 |                                               |
| Dynamic:                                                                      | Not applicable.                               |
| Solubility:                                                                   |                                               |
| water:                                                                        | Insoluble.                                    |
| Partition coefficient n-octanol/water (log value) at 25 °C:                   | 4.06 (SciFinder)                              |
| Vapour pressure:                                                              | Not applicable.                               |
| Density and/or relative density:                                              |                                               |
| Density at 20 °C:                                                             | 1.38 g/cm <sup>3</sup>                        |
|                                                                               | Not determined.                               |
| Relative density:                                                             | Not determined.                               |
| Vapour density:                                                               | Not applicable.                               |
| Particle characteristics:                                                     | See item 3.                                   |
| 9.2 Other information:                                                        |                                               |
| Appearance:                                                                   |                                               |
| Form:                                                                         | Solid                                         |
| Important information on protection of health and environment, and on safety. |                                               |
| Auto-ignition temperature:                                                    | Not determined.                               |
| Explosive properties:                                                         | Product does not present an explosion hazard. |
| Molecular weight                                                              | 586.64 g/mol                                  |
| Oxidising properties:                                                         | Not determined.                               |
| Evaporation rate:                                                             | Not applicable.                               |
| Information with regard to physical hazard classes:                           |                                               |
| Explosives                                                                    | Void                                          |
| Flammable gases                                                               | Void                                          |
| Aerosols                                                                      | Void                                          |
| Oxidising gases                                                               | Void                                          |
| Gases under pressure                                                          | Void                                          |
| Flammable liquids                                                             | Void                                          |
| Flammable solids                                                              | Void                                          |
| Self-reactive substances and mixtures                                         | Void                                          |
| Pyrophoric liquids                                                            | Void                                          |
| Pyrophoric solids                                                             | Void                                          |

**SECTION 10: Stability and reactivity**

- 10.1 Reactivity: No further relevant information available.  
10.2 Chemical stability:  
Thermal decomposition / conditions to be avoided:  
Stable under constant-temperature (see 7.)  
10.3 Possibility of hazardous reactions: No data available.  
10.4 Conditions to avoid: No further relevant information available.  
10.5 Incompatible materials: Strong oxidising agents.  
10.6 Hazardous decomposition products: no data available

**SECTION 11: Toxicological information**

- 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008  
Acute toxicity: Based on available data, the classification criteria are not met.  
Skin corrosion/irritation: Causes skin irritation.  
Serious eye damage/irritation: Causes serious eye irritation.  
Respiratory or skin sensitisation:  
Based on available data, the classification criteria are not met.  
Germ cell mutagenicity: May cause genetic defects.  
Carcinogenicity: May cause cancer.  
Reproductive toxicity: Based on available data, the classification criteria are not met.  
STOT-single exposure: May cause respiratory irritation.  
STOT-repeated exposure:  
May cause damage to organs through prolonged or repeated exposure.  
Aspiration hazard: Based on available data, the classification criteria are not met.  
Additional toxicological information:  
The product should be handled with the care usual when dealing with chemicals.  
CMR effects (carcinogenity, mutagenicity and toxicity for reproduction):  
Muta. 1A, Carc. 1A  
11.2 Information on other hazards  
Endocrine disrupting properties: Substance is not listed.

(Contd. of page 7)

**SECTION 12: Ecological information****12.1 Toxicity:****Aquatic toxicity:**

Quantitative data concerning the ecological properties of the product are not available.

**12.2 Persistence and degradability:** No further relevant information available.**12.3 Bioaccumulative potential:**

Due to the distribution coefficient n-octanol/water a worth-mentioning accumulation in organisms is not expected.

**12.4 Mobility in soil:** No further relevant information available.**12.5 Results of PBT and vPvB assessment:**

PBT: Not applicable.

vPvB: Not applicable.

**12.6 Endocrine disrupting properties:**

The product does not contain substances with endocrine disrupting properties.

**12.7 Other adverse effects:**

Remark: Do not release into sewage, water or soil.

**Additional ecological information:****General notes:**

Water hazard class 3 (German Regulation) (Self-assessment): extremely hazardous for water

Do not allow product to reach ground water, water course or sewage system, even in small quantities.

Danger to drinking water if even extremely small quantities leak into the ground.

**SECTION 13: Disposal considerations****13.1 Waste treatment methods:****Recommendation:**

Dispose product and packaging in accordance with regional environmental laws.

Must not be disposed together with household garbage. Do not allow product to reach sewage system.

**Uncleaned packaging:**

Recommendation: Disposal must be made according to official regulations.

**SECTION 14: Transport information****14.1 UN number or ID number:**

ADR, ADN, IMDG, IATA

Void

**14.2 UN proper shipping name:**

ADR, ADN, IMDG, IATA

Void

**14.3 Transport hazard class(es):**

ADR, ADN, IMDG, IATA

Class

Void

(Contd. on page 9)

EU

**Safety data sheet**

according to 1907/2006/EC, Article 31

Printing date 25.04.2023

version: 1

Revision: 25.04.2023

Trade name: **Baccatin III**

(Contd. of page 8)

14.4 Packing group:

ADR, IMDG, IATA

Void

14.5 Environmental hazards:

Marine pollutant:

No

14.6 Special precautions for user:

Not applicable.

14.7 Maritime transport in bulk according to

IMO instruments:

Not applicable.

UN "Model Regulation":

Void

**SECTION 15: Regulatory information**

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture:
