

## Safety data sheet

according to 1907/2006/EC, Article 31

Printing date 05.04.2023

version: 1

Revision: 05.04.2023

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1 Product identifier:

Trade name: **Securinine**

Article number: 85771

CAS Number:

5610-40-2

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against:

No further relevant information available.

Application of the substance / the preparation: Reference substance

#### 1.3 Details of the supplier of the safety data sheet:

Manufacturer/Supplier:

PhytoLab GmbH & Co. KG

Dutendorfer Str. 5-7

D-91487 Vestenbergsgreuth

Tel.: Germany/9163/88-327

Fax: Germany/9163/88-456

Mail: ref-substances@phytolab.de

Further information obtainable from: PLV\_MSDS@phytolab.com

#### 1.4 Emergency telephone number: Germany/9163/88-500

### SECTION 2: Hazards identification

#### 2.1 Classification of the substance or mixture:

Classification according to Regulation (EC) No 1272/2008:

GHS06 skull and crossbones

Acute Tox. 3 H301 Toxic if swallowed.

#### 2.2 Label elements:

Labelling according to Regulation (EC) No 1272/2008:

The substance is classified and labelled according to the CLP regulation.

Hazard pictograms:

GHS06

Signal word: Danger

Hazard statements:

H301 Toxic if swallowed.

Precautionary statements

P264 Wash hands thoroughly after handling.

P270 Do not eat, drink or smoke when using this product.

P301+P310 IF SWALLOWED: Immediately call a POISON CENTER/ doctor.

(Contd. on page 2)

**Safety data sheet**

according to 1907/2006/EC, Article 31

Printing date 05.04.2023

version: 1

Revision: 05.04.2023

Trade name: **Securinine**

(Contd. of page 1)

P330 Rinse mouth.

P405 Store locked up.

P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

**2.3 Other hazards:**

Restricted to professional users. The toxicological properties of this compound have not been fully evaluated.

Results of PBT and vPvB assessment:

PBT: Not applicable.

vPvB: Not applicable.

**SECTION 3: Composition/information on ingredients****3.1 Substances**

Synonyms:

8H-6,11b-Methanofuro[2,3-c]pyrido[1,2-a]azepin-2(6H)-one, 9,10,11,11a-tetrahydro-, (6S,11aR,11bS)-

Molecular formula: C<sub>13</sub>H<sub>15</sub>NO<sub>2</sub>

CAS No. Description

5610-40-2 Securinine

Identification number(s) not applicable

Additional information: chemical product

**SECTION 4: First aid measures****4.1 Description of first aid measures:**

General information:

Immediately remove any clothing soiled by the product.

Induce vomiting only with medical help.

After inhalation: Supply fresh air and to be sure call for a doctor.

After skin contact:

Immediately rinse with water.

If skin irritation continues, consult a doctor.

After eye contact:

Rinse opened eye for several minutes under running water. Then consult a doctor.

After swallowing:

Rinse out mouth and then drink plenty of water.

Do not induce vomiting; call for medical help immediately.

**4.2 Most important symptoms and effects, both acute and delayed:**

No further relevant information available.

**4.3 Indication of any immediate medical attention and special treatment needed:**

No further relevant information available.

EU

(Contd. on page 3)

## Safety data sheet

according to 1907/2006/EC, Article 31

Printing date 05.04.2023

version: 1

Revision: 05.04.2023

Trade name: **Securinine**

(Contd. of page 2)

### SECTION 5: Firefighting measures

5.1 Extinguishing media:

Suitable extinguishing agents:

CO<sub>2</sub>, powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Use fire extinguishing methods suitable to surrounding conditions.

5.2 Special hazards arising from the substance or mixture:

No further relevant information available.

5.3 Advice for firefighters:

Protective equipment:

Wear fully protective suit.

Mount respiratory protective device.

### SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures:

Wear protective equipment. Keep unprotected persons away.

Avoid formation of dust.

6.2 Environmental precautions: Do not allow to enter sewers/ surface or ground water.

6.3 Methods and material for containment and cleaning up:

Pick up mechanically.

Dispose contaminated material as waste according to item 13.

6.4 Reference to other sections:

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

### SECTION 7: Handling and storage

7.1 Precautions for safe handling:

Handling corresponding to laboratory safety guidelines.

Prevent formation of dust.

Keep receptacles tightly sealed.

Open and handle receptacle with care.

Ensure good ventilation/exhaustion at the workplace.

Information about fire - and explosion protection: No special measures required.

7.2 Conditions for safe storage, including any incompatibilities:

Storage:

Requirements to be met by storerooms and receptacles:

Store in a cool location.

Store only in the original receptacle.

Information about storage in one common storage facility: Store away from foodstuffs.

Further information about storage conditions:

Store in the dark.

(Contd. on page 4)

## Safety data sheet

according to 1907/2006/EC, Article 31

Printing date 05.04.2023

version: 1

Revision: 05.04.2023

Trade name: **Securinine**

(Contd. of page 3)

Store in cool, dry conditions in well sealed receptacles.

Recommended storage temperature: 2-8 °C

Storage class: 6.1D

7.3 Specific end use(s): No further relevant information available.

### SECTION 8: Exposure controls/personal protection

8.1 Control parameters:

Ingredients with limit values that require monitoring at the workplace: Not required.

Additional information: The lists valid during the making were used as basis.

8.2 Exposure controls:

Appropriate engineering controls: No further data; see item 7.

Individual protection measures, such as personal protective equipment:

General protective and hygienic measures:

The usual precautionary measures are to be adhered to when handling chemicals.

Store protective clothing separately.

Do not eat, drink, smoke or sniff while working.

Immediately remove all soiled and contaminated clothing

Keep away from foodstuffs, beverages and feed.

Wash hands before breaks and at the end of work.

Avoid contact with the eyes and skin.

Respiratory protection:

Required in case of dust formation.

Use suitable respiratory protective device in case of insufficient ventilation.

Hand protection:

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

Material of gloves:

Nitrile rubber, NBR

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

Penetration time of glove material:

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

(Contd. on page 5)

**Safety data sheet**

according to 1907/2006/EC, Article 31

Printing date 05.04.2023

version: 1

Revision: 05.04.2023

Trade name: **Securinine**

(Contd. of page 4)

Eye/face protection:

Tightly sealed goggles

Body protection: Protective work clothing

**SECTION 9: Physical and chemical properties**

9.1 Information on basic physical and chemical properties:

General Information:

|                                                           |                                      |
|-----------------------------------------------------------|--------------------------------------|
| Physical state:                                           | Solid                                |
| Colour:                                                   | According to Certificate of Analysis |
| Odour:                                                    | No data available.                   |
| Odour threshold:                                          | Not determined.                      |
| Molecular Weight                                          |                                      |
| Melting point/freezing point:                             | 142-143 °C                           |
| Boiling point or initial boiling point and boiling range: | Undetermined.                        |
| Flammability:                                             | Product is not flammable.            |
| Dust explosion class:                                     |                                      |
| Lower and upper explosion limit:                          |                                      |
| Lower:                                                    | Not determined.                      |
| Upper:                                                    | Not determined.                      |
| Flash point:                                              | Not applicable.                      |
| (Minimum) Ignition temperature:                           | Not determined.                      |
| Decomposition temperature:                                | Not determined.                      |
| Powder volume resistivity:                                |                                      |
| pH:                                                       | Not applicable.                      |
| Dissociation constant:                                    |                                      |
| Viscosity:                                                |                                      |
| Kinematic viscosity:                                      | Not applicable.                      |
| Solubility in other solvents:                             |                                      |
| Dynamic:                                                  | Not applicable.                      |
| Solubility:                                               |                                      |
| water:                                                    | No data available.                   |
| Partition coefficient n-octanol/water (log value):        | Not determined.                      |
| Vapour pressure:                                          | Not applicable.                      |
| Density and/or relative density:                          |                                      |
| Density at 20 °C:                                         | 1.3 g/cm <sup>3</sup>                |
|                                                           | Not determined.                      |
| Relative density:                                         | Not determined.                      |

| Evaporation rate:                                                             | Not applicable.                               |
| Information with regard to physical hazard classes:                           |                                               |
| Explosives                                                                    | Void                                          |
| Flammable gases                                                               | Void                                          |
| Aerosols                                                                      | Void                                          |
| Oxidising gases                                                               | Void                                          |
| Gases under pressure                                                          | Void                                          |
| Flammable liquids                                                             | Void                                          |
| Flammable solids                                                              | Void                                          |
| Self-reactive substances and mixtures                                         | Void                                          |
| Pyrophoric liquids                                                            | Void                                          |
| Pyrophoric solids                                                             | Void                                          |
| Self-heating substances and mixtures                                          | Void                                          |
| Substances and mixtures, which emit flammable gases in contact with water     | Void                                          |
| Oxidising liquids                                                             | Void                                          |
| Oxidising solids                                                              | Void                                          |
| Organic peroxides                                                             | Void                                          |
| Corrosive to metals                                                           | Void                                          |
| Desensitised explosives                                                       | Void                                          |

**SECTION 10: Stability and reactivity**

10.1 Reactivity: No further relevant information available.

10.2 Chemical stability:

Thermal decomposition / conditions to be avoided:

Stable under constant-temperature (see 7.)

10.3 Possibility of hazardous reactions: No data available.

10.4 Conditions to avoid: No further relevant information available.

10.5 Incompatible materials: Strong oxidising agents.

(Contd. on page 7)

**Safety data sheet**

according to 1907/2006/EC, Article 31

Printing date 05.04.2023

version: 1

Revision: 05.04.2023

Trade name: **Securinine**

(Contd. of page 6)

10.6 Hazardous decomposition products: no data available

**SECTION 11: Toxicological information**

11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

Acute toxicity: Toxic if swallowed.

LD/LC50 values relevant for classification:

Oral LD50 270 mg/kg (mouse)

[RTECS]

&gt;800 mg/kg (rat)

[RTECS]

Skin corrosion/irritation: Based on available data, the classification criteria are not met.

Serious eye damage/irritation:

Based on available data, the classification criteria are not met.

Respiratory or skin sensitisation:

Based on available data, the classification criteria are not met.

Germ cell mutagenicity: Based on available data, the classification criteria are not met.

Carcinogenicity: Based on available data, the classification criteria are not met.

Reproductive toxicity: Based on available data, the classification criteria are not met.

STOT-single exposure: Based on available data, the classification criteria are not met.

STOT-repeated exposure: Based on available data, the classification criteria are not met.

Aspiration hazard: Based on available data, the classification criteria are not met.

Additional toxicological information:

The product should be handled with the care usual when dealing with chemicals.

11.2 Information on other hazards

Endocrine disrupting properties: Substance is not listed.

**SECTION 12: Ecological information**

12.1 Toxicity:

Aquatic toxicity: No further relevant information available.

12.2 Persistence and degradability: No further relevant information available.

12.3 Bioaccumulative potential: No further relevant information available.

12.4 Mobility in soil: No further relevant information available.

12.5 Results of PBT and vPvB assessment:

PBT: Not applicable.

vPvB: Not applicable.

12.6 Endocrine disrupting properties:

The product does not contain substances with endocrine disrupting properties.

12.7 Other adverse effects:

Remark: Do not release into sewage, water or soil.

**Safety data sheet**

according to 1907/2006/EC, Article 31

Printing date 05.04.2023

version: 1

Revision: 05.04.2023

Trade name: **Securinine**

(Contd. of page 7)

Additional ecological information:

General notes:

Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

**SECTION 13: Disposal considerations**

13.1 Waste treatment methods:

Recommendation:

Must not be disposed together with household garbage. Do not allow product to reach sewage system.

Dispose product and packaging in accordance with regional environmental laws.

Uncleaned packaging:

Recommendation: Disposal must be made according to official regulations.

**SECTION 14: Transport information**

14.1 UN number or ID number:

ADR, IMDG, IATA

UN1544

14.2 UN proper shipping name:

ADR

UN1544 ALKALOIDS, SOLID, N.O.S.  
(Securinine)

IMDG, IATA

ALKALOIDS, SOLID, N.O.S. (Securinine)

14.3 Transport hazard class(es):

ADR, IMDG, IATA

Class

6.1 Toxic substances.

Label

6.1

14.4 Packing group:

ADR, IMDG, IATA

III

14.5 Environmental hazards:

Marine pollutant:

No

14.6 Special precautions for user:

Warning: Toxic substances.

Hazard identification number (Kemler code): 60

EMS Number:

F-A,S-A

Stowage Category

A

14.7 Maritime transport in bulk according to

IMO instruments:

Not applicable.

UN 1544 ALKALOIDS, SOLID, N.O.S. (SECURININE), 6.1, III

**SECTION 15: Regulatory information**

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture:

Directive 2012/18/EU:

Named dangerous substances - ANNEX I: Substance is not listed.

Seveso category H2 ACUTE TOXIC

Qualifying quantity (tonnes) for the application of lower-tier requirements 50 t

Qualifying quantity (tonnes) for the application of upper-tier requirements 200 t

DIRECTIVE 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment – Annex II:

Substance is not listed.

REGULATION (EU) 2019/1148

Annex I - RESTRICTED EXPLOSIVES PRECURSORS (Upper limit value for the purpose of licensing under Article 5(3)):

Substance is not listed.

Annex II - REPORTABLE EXPLOSIVES PRECURSORS: Substance is not listed.

National regulations:

Information about limitation of use:

When using chemicals, legal regulations have to be regarded (chemical law, maternity protection, protection of minors).
